JWM's flagship guard tour reader. Every checkpoint tap uploads over 4G as it happens, GPS shows where the

guard is and plays back the route, and the guard signs on with a fingerprint, so nobody can patrol on someone else's behalf. An SOS button and voice calls reach the supervisor in an emergency, and the reader reminds guards when a round is due. Managers see patrol reports anytime, anywhere. Tryg is an authorised JWM distributor in South Africa.

SPECIFICATION

WHAT YOU ARE GETTING

Real-time	Each checkpoint tap uploads automatically over 4G
GPS	Live guard location and patrol route playback
Fingerprint	Guard scans a fingerprint to start the patrol
Calls and SOS	Call the supervisor; the SOS button raises an alert with sound in the software
Reminders	Patrol alarm clock set from the software
Voice prompts	Spoken prompts while scanning checkpoints
Screen	Shows device status, check result and device ID
Connector	Magnetic USB for charging and data, waterproof
Build	IP67, shockproof, -40 to +85 °C, rechargeable lithium battery
Checkpoints	RFID 125 kHz tags, 5 free with each reader; extra tags approx R38 each
Network	Needs a 4G data SIM
Software	Cloud patrol reports at no fee
Warranty	2 years from the manufacturer
10 or more readers	5% off the reader price
By air	About 12–14 days to our warehouse, from the factory's stock, duties paid (DDP)
Specifications are as supplied by the manufacturer and confirmed at inspection before shipping. Tell us the job and we will confirm this is the right machine for it, or say if it is not.
